# REPORT

## OF THE

### BOARD OF VILLAGE TRUSTEES.

---

TO THE VILLAGE OF RUTLAND :

The Board of Trustees whose term of service commenced in April, 1876, was organized by the election of John B. Page as President, and James Levins as Clerk.

R. N. Patch was elected Street Commissioner.

The Trustees submit herewith a list of all the orders drawn by them upon the Treasurer, with statements in detail of the expenditures.

In connection with the town, we have paved and graded Woodstock Avenue, one-half the expense, amounting to \$407.64, having been paid by the village.

The aggregate sum of orders drawn is..... \$10,409 27

(Not including order No. 76, to renew order

No. 374, drawn March 1, 1871).

The debt for orders outstanding was stated in the report last year to be \$7,190.09. We find

on a careful examination of the orders drawn

and paid since 1867, that the debt for orders

drawn to May 1, 1876, was..... 8,879 78

Interest paid on orders..... 932 03

---

\$20,221 08

There has been paid of orders drawn prior to	
May, 1876..... ..	\$5,457 55
Interest on same..... ..	838 91
Of orders drawn for current year.....	7,794 37
Interest on same..... ..	93 12
Debt for outstanding orders.....	6,037 13
	<hr/>
	\$20,221 08

The interest due on the outstanding orders is	
estimated to amount to.....	\$825 00
The uncollected taxes (for details see Auditor's	
report,) amount to . . . : ..	\$1,043 99
Cash in Treasurer's hands.....	\$93 24

There has been paid since 1870, out of the taxes voted upon the grand list of the village (including interest), the sum of \$6,342.46, for payment of coupons on the water debt of the village. The Trustees believe this sum should be refunded by the water commissioners, so that all the debt, with the interest, incurred for procuring a supply of water, shall be paid from the income received for the use of the water. We therefore recommend such action as will insure this result, and thereby provide for the present current indebtedness, relieving the village of any tax upon the grand list except to meet the expenses of the coming year which we estimate as follows :

Fire department..... ..	\$2,000 00
Gas for streets..... ..	900 00
Other expenses, including night watch.....	1,100 00
	<hr/>
	\$4,000 00

The estimate for the fire department includes the purchase of additional hose, which will be necessary for its efficiency. To raise this sum will require a tax of twenty cents on the

dollar. It is believed that the highway tax will be ample to keep the streets in good condition.

There is on hand

One Bailey hydrant, value.....	\$ 44 40
633 feet 3 inch pipe, " .....	196 23
2 street lamps, " .....	16 00

There are pending two suits, one against the village brought by John Engrem for damage on account of defective drainage, and one against Miner Hilliard for violation of an ordinance.

The reports of the Treasurer, Auditor, Chief Engineer and Water Commissioners are annexed, and the voters [are referred to them for further details.

## Engineer's Report.

*To the Trustees and Voters of the Village of Rutland :*

The undersigned, Chief Engineer of the Fire Department of the Village of Rutland, agreeably to the provisions of Section 4 of "An ordinance establishing a Fire Department," herewith submits his annual report of the property belonging to the Department, the condition thereof, the losses by fire, and causes thereof, and insurance thereon, "so far as they may be ascertained," etc., as required by said ordinance.

### FIRES.

During the past year the Department has been called to, and rendered service at fires, as follows :

May 18, 1876.—Thomas Winter's house, south end of Main Street, small frame building ; insured, \$200 ; loss, \$100 ; supposed to have been an incendiary fire.

Sept. 2, 1876.—O'Brien's house, Howe Street, damage small ; cause, from stove pipe.

Oct. 9, 1876.—Jas. Galligher's house, south end of Main Street ; loss, \$400 ; insured ; cause, accidental.

Dec. 19, 1876.—Patrick Kelley's house, Strong's Avenue, small frame building ; loss, \$500 ; cause, incendiary.

Dec. 19, 1876.—Mrs. McCall's store, occupied by Novak & Murphy, Merchants' Row ; loss, \$150 ; insured ; supposed to have been an incendiary fire.

Feb. 28, 1877.—Mrs. Robt. Pierpoint's house, West Street; damage slight; accidental.

March, 1877.—House occupied by Johnson, Elm Street; damage small; accidental.

March 30, 1877.—Francis Gilman's house, East Street; loss on house, \$1,500; insured, \$800; loss on furniture, clothing, &c., \$500; insured, \$250; cause, caught from chimney in ell part.

April 3, 1877.—F. A. Shattuck's house, Elm Street; loss slight; cause, incendiary.

April 20, 1877.—The residence of the late H. R. Dyer, Main Street, corner of Green Street; total loss; insured; cause, incendiary.

I present herewith a statement of the property in charge of each company; also, a list of the officers and members of each company.

The Department stands very much in need of a Hook and Ladder cart and equipments, 1000 feet of new hose, four new discharge pipes, and more hosemen's coats. I would also recommend having a bell placed in the hose tower of the Town Hall building, to be used in case of fires.

During the past year there have been added to the Department two Hose Carts, the "H. H. Baxter" and "J. W. Cramton," which are equipped and manned by energetic and reliable young men, making up a most efficient Fire Department.

I desire to express my thanks to the Fire Department for the prompt manner in which they have responded to every alarm; and I take pleasure in complimenting the members of the Department for their good order, and for the prompt manner in which they have obeyed the orders of the Engineers.

WALTER C. LANDON,  
*Chief Engineer.*
